Chapter-3.0 USER FUNCTION

3.1 Hardware and Software Requirements

A. Hardware:-

- Our document kit can be better performed with the help of P4 and above computers with a minimum 10 GB hard disk space.
- For better visual impact of the power point document you may keep the setting of colour image at high end.

B. Software used in Document kit

- Hand-outs written in MS-Office 2007 and window XP programs. You are, therefore, required to have MS-Office 2007 or higher versions with Windows XP.

3.2 Features of PPT Training kit:-

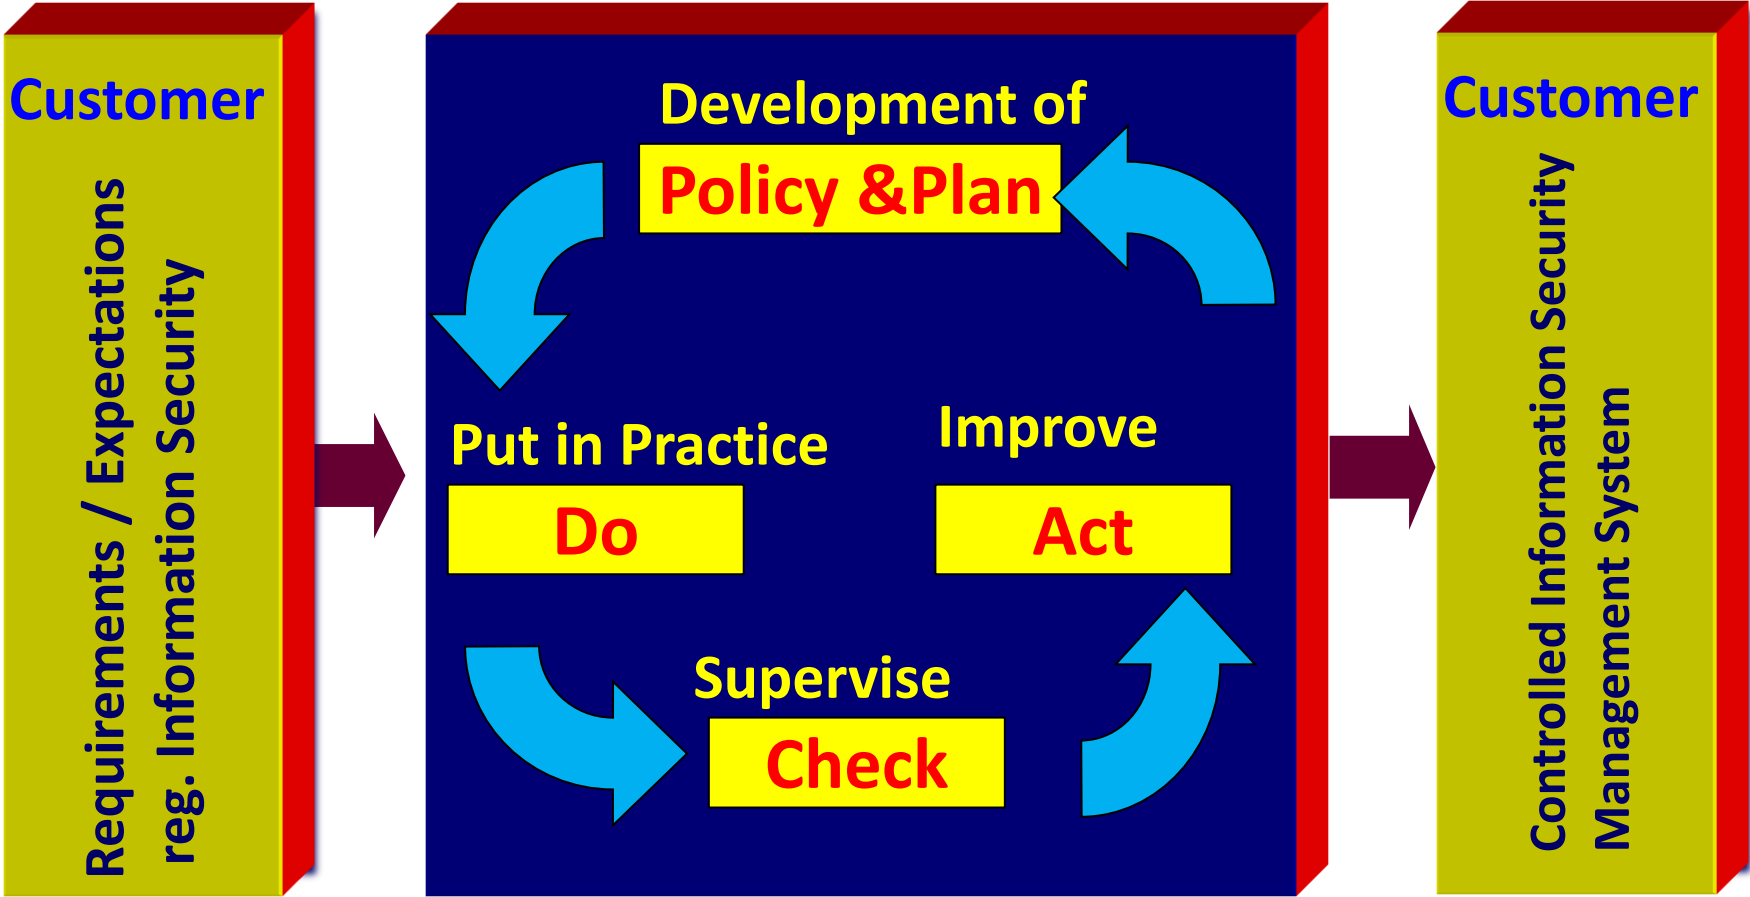

- This kit will save much time in typing and preparing your presentation at your own.
- The documents and presentation are written in easy to understand English language.
- Easily customized by you to add audio clips in the local language etc. to prepare presentation for any other groups and user can easily customize it for own use.
- Good guide for training of all the group members for ISO/IEC 27001:2022 awareness and auditor training.
- The kit is user-friendly to adopt and easy to learn.
- The contents of this kit are developed under the guidance of experienced experts.
- The kit provides a model of the management system that is simple and free from excessive paperwork.
